We will come together in a most beautiful Alpine area. We will consider the conditions of being a Christian in the armed forces and a Christian military commander. Beginning with corporate Bible-studies in the mornings and later talks and discussions we will share our experiences in the armed forces of different countries. We will learn about each other's background.

The afternoon is available for skiing and other winter sport activities. Everybody is welcome. The skiing grounds there are suitable for beginners. Sorry to say, but snowboarding cannot be admitted.

Being an international group we want to experience fellowship and unity granted by our gracious Lord Jesus Christ. We are not determined to special theological opinions or orientations. Talks and Bible-studies will be provided in English, discussions will be according to our language abilities. We will try to offer a translation English/German and German/English.

We are happy welcoming you!
